Another Good Snake-Story.

[Hamilton (Ga.) Journal.] A gentleman in this county gives us the following account of a horned snake: He states that while boeing in a field of corn he saw a large snake crawling along with his head and tail raised about eighteen inches from the ground. He decided to kill the snake, and raising his hoe started in pur-suit. The snake seeing him) turned back to meet his foe, when the gentleman, considering prudence the better part of valor, turned to his heels and fled, the snake in PROFESSOR OF DISEASES OF WOMEN AND CHIL-DREN IN THE UNIVERSITY OF MARYLAND, OF AUGUST 1, 1879.

The strangest part of the affair is that in six hours the leaves on the tree, which had been perfectly green and flourishing, began to wither, and in less than twelve hours were perfectly dead. The gentleman who relates the above is a reliable farmer.

There is no romance in such a life and death as that of Ned Stuart, who breathed his last in a New York five-cent lodginghouse on Monday, and who, not many years ago, was as handsome and brilliant a young man as walked the streets of Baltimore. MEETING AT SÆNGER HALLE LAST NIGHT-A CITIZENS' ASSOCIATION FORMED-ERAL R. LINDSAY WALKER CHOSEN PRESIDENT AND GENERAL P. T. MOORE TEE ELECTED-THE ORGANIZATION READY TO GO TO WORK IN FURTHERANCE. OF THE DESIGN.

In response to the call published on several days past, between fifty and sixty citizens assembled last night at Sänger Halle to consider the Sunday law.

The meeting was called to order by Mr. John Græme, on whose motion Mr. William L. Royall was elected chairman.

Mr. Royall said that he would go into no extended remarks to explain the purposes of the meeting. Its purposes are well understood. We propose to effect an organization aimed at bringing about such a modification of the present Sunday laws as shall preserve perfect order and decorum in the city, but yet shall leave each individual to observe the Sabbath as a religious institution according to the dictates of his own conscience.

Mr. Ernest Willz was chosen secretary. On motion, a committee consisting of Messrs. John Græme, Beverly T. Crump, and E. M. Cardoza was appointed to prepare business. THE PLATFORM.

The committee retired and consulted, and upon returning to the hall submitted the Whereas the General Assembly of Vir-

Mr. Græme said that the committee had a plan of organization to report after action had been taken upon the report. The report was adopted.

PLAN OF ORGANIZATION. The following plan was next submitted by Mr. Græme:

1. This Association shall be styled "The Citizens' Association." 2. The object of this Association is the organization of efforts and means for procuring suitable modifications of the Sunday

laws, State and municipal. 3. Any citizen who authorizes the enrolment of his name may become a member of this Association. No fees or dues shall be required, but voluntary contributions may be paid to the treasurer at any time. Any member of a cooperative ward association shall be recognized as a member of this As-

sociation. 4. The officers of this Association shall consist of a president, a vice-president, a secretary, and a treasurer, to be elected at the first meeting, and annually thereafter, holding their respective offices until others are chosen in their stead.

5. The Executive Committee shall consist of the officers and five other members of the Association, to be elected at the time when the officers are elected, and for the same term. The president of the Association shall be ex-officio chairman of the Executive Committee. A majority of the committee shall constitute a quorum. 6. The duties of the officers shall be such as pertain to their respective offices in simi-

far bodies. 7. The annual and other meetings of the Association shall be held at such times and places as the Executive Committee may apoint, due notice of the same to be given by publication or otherwise. Ten members

shall constitute a quorum. 8. This constitution may be amended at any meeting of the Association. The plan was adopted. THE OFFICERS.

Mr. William Flegenheimer thought that as the meeting was a smaller one than was expected it would be well to defer the election of officers until a general mass-meeting | they were doubled, we might have the logicould be beld. Mr. Græme thought that the attendance

was ver y good considering the warm weather, and that it would be better to proceed with the election of officers. Mr. Gi wme accordingly nominated for president General R. Lindsay Walker. Elected. Mr. Cardoza nominated General P. T.

Editors of the Dispatch: The communication in your paper of the 24th signed "A Friend to the Ladies," complaining of the dirty sidewalks around the Capitol Square and around the old City-Hall lot well expresses complaint of a standing nuisance. What engineering we have, what fancy ideas of the beauty and growth of our city, and here right in the heart of the city dirty streets and sidewalks, frequented by all strangers and leading to the best churches and to all the public offices!

Go to our public-spirited friend the chairman of the Board of Public Health, and he will say truly be has no sufficient force to see to clean streets; go to the chairman of the Committee on Streets, he refers you to Dr. Cabell; go to Colonel Harrison, Superintendent of Public Buildings, about the dirty sidewalks around the Capitol Square, and he is at a loss what to do; so the more officers we have the less the result; and if

RICHMOND, VA., July 22, 1879.

NOTICE.—The condition of the river at this time is such, from the excessive dry apell, as to call upon the citizens to exercise the greatest possible economy in the use of water. The pumps, when the river is full, are barely able to keep up the supply, and now that their power is less used quite a third, the city must to a greater or less extent suffer on the higher points. Every effort is now being made to keep up the supply. The dry scason having commenced so early this year, we may reasonably anticipate, without rain, the river will be lower than it has been for years—perhaps than it ever was before. It is urgently requested that every precaution will be used to avoid a calamity that seems probable.
